Guadeloupe Islands Travel Guide

The Guadeloupe Islands represent the French's presence in the [Caribbean](#). It is comprised of six inhabited islands, boasting a population of just under 400,000. When you go, you'll likely stay on one of its two largest islands: Grande-Terre or Basse-Terre.

When it comes to terrain, the islands are nearly polar opposites of their counterparts: Eastern Grande-Terre is mostly flat with a dry climate and populated with sugar-cane plantations; on Basse-Terre, stand in awe at the volcano La Grande Soufrière, or explore the Guadeloupe National Park and its lush, natural wonders of elevated forests, waterfalls and rivers.
